

Volcy Ventures Consulting LLC

- Your trusted Partner and Advisor

Volcy Ventures Consulting LLC

The Best Little IT House In The Lone Star State

Mission Statement

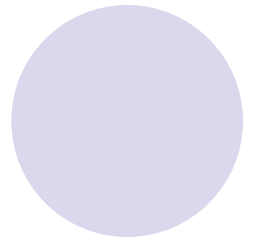

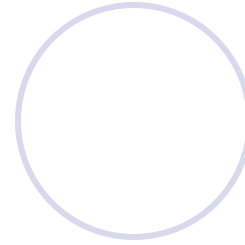

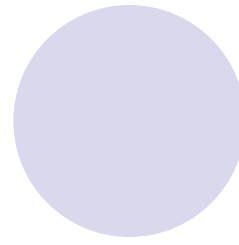

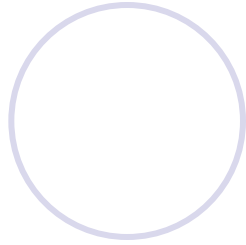

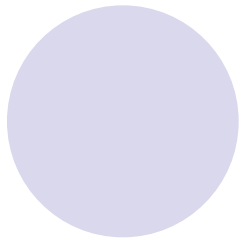

- Volcy Ventures Consulting LLC (VVC) is founded on the principals of honesty, integrity and respect for the clients we serve. Our mission is to provide the highest quality Information technology consulting services. Our highly skilled team has significant experience in managing, designing, developing and testing Client/Server systems.
- The main Strength of our company is our equal dedication and commitment to both our clients and our consultants. The consultant is committed to the project, the client achieves their objectives and Volcy Ventures Consulting LLC (VVC) has developed loyal partnership with both the client and the consultant.
- Our core value is giving a high value benefits and services.

Let's change the tone

We don't consider you a business deal, or customer....

We consider you our business friends.

- We like to know you
- We like to understand you
- Know your problems
- Help you find solutions
- If we cannot help, we will definitely guide to who can

Business History

- We have been in business for over 10 years
- Working with different state agencies since 2001
- Agencies we worked with in the past:
 - OCA
 - TXDOT
 - Texas Commission for the Blind – DARS now
 - DSHS
 - Texas Work Force Commission
 - THECB
 - TEA

Certifications

- Historically Underutilized Business

What we do best - Staff Augmentation

- Staff Augmentation
- We Provide our business friends, with high quality talent.
- Currently we have consultants working at the following agencies:
 - DSHS
 - CPA
 - TCEQ & TBAE

What we do best – Consulting and Software Dev.

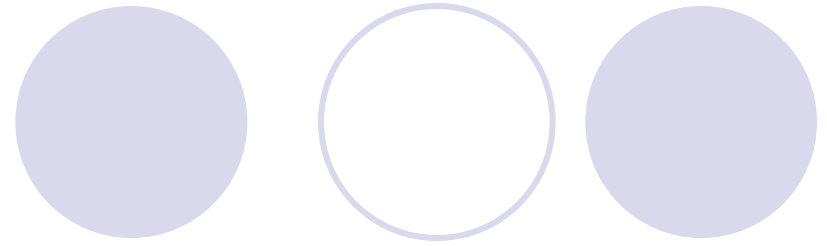

- Our 2nd strength and core value
- We continue to pursue innovation by implementing efficient processes, and efficient communication among us and the “business friend”
- We follow up with projects from the start all the way to completion

Current Software Dev. Projects

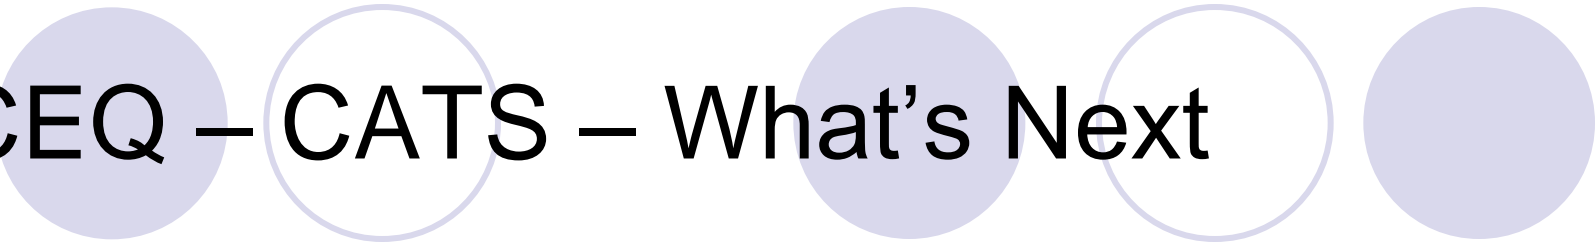

- TCEQ – CATS
 - Contract Administration Tracking System
 - Manage Budget and Remediation contracts/Funds
 - Manage Contract Invoices

TCEQ - CATS

Technologies used:

- J2EE architecture
- NHibernate
- JSP
- Oracle DB

TCEQ – CATS – What's Next

Future Plans:

- Enhance user interface
- Redesign pay items, and invoice handling architecture
- Utilize latest AJAX technology by utilizing the google toolkit

Current Software Dev. Projects

- TBAE -

- Architects, Interior Designer, And Landscape Architects license registration
- Online Application – to allow Architects to become licensed in the state of Texas
- Renewal Application – to allow Licensees to renew on year basis

A decorative graphic at the top of the slide consists of two rows of circles. The top row has a solid light purple circle on the left and an outlined light purple circle on the right. The bottom row has a solid light purple circle on the left, an outlined light purple circle in the middle, and a solid light purple circle on the right. The text 'TBAE' is positioned to the left of the first solid circle in the top row.

TBAE

Technologies used:

- Microsoft .net
- Microsoft AJAX
- MS SQL Server

TBAE – What's Next

Future Plans:

- Enhance user interface
- Redesign the Renewal Application Module

Rapid Application Development & CMS

- We also utilize other software packages to speed up the development process
- Highly Customizable
- The software package provide many functionalities out of the box like:
Event Management, Ecommerce, Rapid page development and Design

CMS Built in Functionality

- [logs](#)
- [Booking system](#)
- [Content staging](#)
- [E-commerce](#)
- [Event calendar](#)
- [Forums](#)
- [Geomapping](#)
- [Image gallery](#)
- [Messaging](#)
- [Newsletter](#)
- [On-line forms](#)
- [Polls](#)
- [Reporting](#)
- [Wiki](#)
- [Web farm support](#)
- [Web analytics](#)

Software Reuse Initiative

If an agency can locate a software application that's been successfully used by another agency, and they have a similar need, then we should pursue the current software and enhance it rather than building from scratch.

Will save the Taxpayer \$\$\$\$

What makes us different

- Virtual Company
- Result oriented company
- Everything we do repeatedly becomes an outlined process and flowcharted
- Because of the above – eliminated decision making and made our consultants more efficient
- Efficient Time Management Techniques
- Achievement Culture rather than power and control culture

We are in shape and we want to stay
in shape 😊

- – Efficient
- – Low cost
- – Productive

Goals and Vision

- Giving back to our society and community
- Harmonize and work with like minded individuals and organizations to help them reach their goals
- Encourage virtual companies, and help save the environment, less commuting, and less energy consumption

Final Thoughts

The title 'Final Thoughts' is positioned on the left side of the slide. To its right, there are six circles arranged in a horizontal line. The first circle is solid light purple. The second circle is a light purple outline. The third circle is solid light purple. The fourth circle is a light purple outline. The fifth circle is solid light purple. The sixth circle is a light purple outline.

- “The world is changing very fast. Big will not beat small anymore. It will be the fast beating the slow.”
- *“Investment in selection beats training 1000 times over”*
